FOR IMMEDIATE RELEASE

American Jury confirms Romanian Invention

(Pittsburgh, PA)...

The multiple international award winning invention “ MySuperShelter” added another Gold medal to its collection. Mircea Manolescu received this prestigious award at INPEX®, America’s largest invention trade show in Pittsburgh, PA on June 10th 2006.

MySuperShelter is a safe shelter for individuals and families, which protects against the dangers of earthquakes, tornadoes and terrorism.

This special award of excellence is a further sign of the worldwide recognition that this invention receives, which could save thousands of lives.
